Exhibit: The Rod & Gun Club-From Pioneer Homestead to Dignitary Destination

9:00am-4:00pm

This exhibit celebrates the rich history of Everglades City-the birthplace of Collier County-by exploring the evolution of the landmark Rod & Gun Club. Originally a general store and post office that hosted the town's first school, the Rod & Gun Club would later welcome movie stars, gangsters, rock musicians and half a dozen U.S. Presidents. Step back in time as we trace the roots of this world-famous fishing lodge to its beginnings as the site of first permanent pioneer homestead in Southwest Florida.

Automotive Artifacts: Rolling Sculpture Automotive Mascots

Tuesday, Thursday, Saturday

10:00am-4:00pm

Before the days of vanity plates and bumper stickers, early motorists wanting to separate themselves from the crowd could show off their unique tastes with artistic and distinctive mascots. These days, few automakers even offer the option; however, in the first few decades of the 20th century, consumers could choose from over 7,000 manufactured designs. At the time they were a "way of making something individual and personal" explains Jon Zoler, a Naples resident, art collector and expert on automotive mascots. In addition to Revs' permanent mascot display, there are now six (6) exhibit cases packed full of rare mascots positioned throughout the galleries, each with a different theme. Thirteen of the 74 mascots on display for the exhibit are on loan to the museum. The exhibit celebrates these

often-forgotten works of art and showcases the many rare and iconic mascots in the Miles Collier Collections.

Washed Ashore Exhibit at the Naples Zoo at Caribbean Gardens

9:00am-5:00pm

Last ticket sold at 4:00pm

On exhibit for the first time in Southwest Florida, Naples Zoo presents "Washed Ashore: Art to Save the Sea"

.Made entirely of plastic debris collected from beaches, the colorful and dramatic sculptures of marine animals represent the more than 315 billion pounds of plastic in oceans today and underscore the need for wildlife conservation.

Naples Zoo will showcase eleven of the larger-than-life sculptures of marine life. Zoo guests are invited to get up close to view the sculptures, which range from an 11-foot-long shark and 16-foot-long parrot fish to an 8-

foot-wide octopus and an 11-foot-tall polar bear. This exhibit is free with paid Zoo admission.

"Washed Ashore: Art to Save the Sea" was founded by Angela Haseltine Pozzi, an artist and teacher from Oregon. Her passion for protecting the oceans led her to create this project with the goal of educating a global audience about plastic pollution in waterways and spark positive changes in consumer habits. Since the project began in 2010, thousands of pounds of trash have been removed from beaches. That trash was then processed into more than 70 works of art, which travel the country to raise awareness about the plight of the world's oceans and marine life.
